

NOTICE

■ Customer Advisory - Port of Wilmington, NC Closure – Force Majeure

20 September, 2018

Dear Valued Customers:

As a result of the effects from Hurricane Florence, the Port of Wilmington has been closed, and consequently the vessel, Helsinki Bridge 032E, has skipped its Wilmington call. All Yang Ming shipments intended for discharge at Wilmington will be discharged at Charleston. YMA will notify your good company when the affected shipments will be available for pick up in Charleston. Please make arrangements accordingly.

Thanks and best regards,

Yang Ming Marine Transport Corp.
